Licensor: 6 BIT Education Ltd T/A 6 BIT, 8 Pendeford Place, Pendeford Business Park, Wobaston Road, Wolverhampton, WV9 5HD

Product Description

Graide is an AI-powered assessment platform designed to streamline marking, feedback, and quality assurance across higher and further education. Their platform supports the full assessment lifecycle with a focus on speed, consistency and quality at scale.

Graide offers solutions across three key areas:

AI-Powered Marking and Feedback

- Automates repetitive marking tasks while maintaining human oversight through human-in-the-loop AI.
- Delivers consistent, high-quality feedback with reusable comments and rubrics.
- Reduces marking time by up to 75%, freeing educators to focus on value-added tasks.
- Multiples question types supported from maths to short text based responses to long form essays and reports.

Quality Assurance and Standardisation

- Provides detailed analytics on marking consistency and assessor performance.
- Ensures every piece of work meets an institution's standards for fairness and accuracy.

Formative Assessment and Learner Support

- Gives students actionable feedback that helps them prepare for summative assessments.
- Enables draft submissions with instant AI feedback to support skill development.
- Monitors progress and identifies learners in need of extra support through real-time insights.

Key Features

- Reusable comment libraries: Create and share institutional feedback banks to drive consistency and save time.
- Group management: Seamlessly sync groups from LMS/VLE for easy activity setup and tracking.
- Customisable rubrics: Apply detailed marking criteria, with support for qualitative and quantitative feedback.
- Grade passback: Automatically push marks from Graide to LMS gradebook in one click.
- Audit trails: Full transparency over all marking and feedback actions for compliance and review.
- Explainable AI: Every AI action is visible and auditable, so staff can trust and verify the process.
- Formative feedback tools: Offer low-stakes opportunities for students to improve with automated guidance.
- Secure and compliant: Fully GDPR compliant and aligned with UK education data standards.

Graide meets global standards for data privacy, security, and accessibility. They are LTI 1.3 certified, ensuring seamless LMS/VLE integration, and their platform undergoes regular security audits to meet GDPR and UK data protection regulations.

Included

Full access to the Graide platform

- Hosting, implementation, and integration support
- Consultative pilot services (use case scoping, tailored onboarding, template design, and ongoing adoption reviews)
- Institution-wide unlimited usage

Terms and Conditions

Licensor: 6 BIT Education Ltd T/A 6 BIT, 8 Pendeford Place, Pendeford Business Park, Wobaston Road, Wolverhampton, WV9 5HD

The Chest Order, together with the Licence Terms and Conditions, and any exceptions listed below, create a legally binding contract between your institution, organisation or company and the Licensor. Therefore please read the terms and conditions carefully and only submit a Chest Order if its terms and conditions are acceptable to your institution, organisation or company and you have the authority to make the financial commitment shown.

Licence Type

This licence is subject to the terms and conditions for the **Standard Software as a Service (SaaS) Licence (July 2024)**

Payment Terms

Chest is an Enterprise of Jisc. All Purchase orders must be made out to JISC, One Castlepark, Tower Hill, Bristol, BS2 0JA Payments are due within thirty days of invoice date; recipients of late payments are entitled to interest in accordance with UK statutory provisions.

On receipt of a completed Order, and a Purchase Order (if required by the Institution) made payable to Jisc, Institutions will be invoiced depending on the licence and payment term selected. Invoices are payable within 30 days of the date of the invoice.

Other Location and Use Permissions

The product(s) may be used by any Authorised User of the Licensee for Educational Purposes which includes the administration and management of the licensee's educational and research operations. These permissions are described in the terms and conditions for the Standard Chest Licence for Software.
