UN iLibrary

FEATURES

- Content can be viewed by language, year, and title index
- Granular content – users can search and click directly to components such as chapters or articles. Every content level has a DOI (Digital Object Identifier) and static URL
- Integrated search results, PDF and READ version.
- A citation tool for all content, integrating with popular bibliographic management systems
- Content in context – related content is one click away
- Links to previous editions with the option to download any full text item such as chapters from the table of contents
- Users can navigate back and forth via hierarchical "breadcrumb trails"
- Bibliographic records in MARC21 XML format
- COUNTER 4 compliant usage statistics for all content
- RSS Feeds
- Users can read and share the READ version of content on all internet connected desktop and mobile devices
- Athens/Shibboleth federated authentication for US and UK institutions
- All United Nations iLibrary metadata and full text indexed by the four major Discovery Services: EBSCO EDS, Ex Libris Primo, ProQuest Summon, OCLC WorldCat (metadata only)
- Perpetual access to subscribed content
- Free inclusion of content in course packs without need to request further permission
- Access via Proxy server available
- Updated interface allows search by theme, and/or by country

CONTENT

The United Nations iLibrary holds more than 6,500 publications in all six official languages of the United Nations: English, French, Spanish, Russian, Chinese and Arabic as well as bi-lingual and tri-lingual publications. These publications have been authored by United Nations departments such as DESA, OHCHR and DPI, and agencies, funds and programs such as UNDP, ECLAC and UNFPA.

WHO IS IT FOR?

The United Nations iLibrary offers a wide range of content for all types of users. It is primarily designed for:
- Academic Institutions
- Libraries
- Research Institutions
- Corporations
- Governments and Parliaments
- Non-governmental Organizations

HOW TO ACCESS

- Unlimited and concurrent access is available 24/7
- IP address recognition and/or username/password login

The United Nations iLibrary is developed in partnership with the OECD.

For all questions related to content, please contact ilibrary@un.org.

For questions related to access and subscriptions, please contact un-ilibrary@oecd.org.
