

## TeacherMatic – Early Adopters, Direct Subscribers

Innovative Learning Technologies Ltd

Available to purchase until 30/06/2028

This tile applies organisations that previously subscribed to TeacherMatic through a direct agreement, outside of any Jisc agreement and were early adopters. These early adopter institutions are listed within the agreement and are eligible for special pricing through Chest. This pricing structure supports an equitable and transparent transition to standard pricing, with all subscribers moving to the standard subscription rate by 2028.

## Key Facts

Agreement only available for institutions previously subscribed directly with Innovative Learning Technologies Ltd.

### Purpose of this Agreement

- 

This page provides Jisc members—specifically those who were early adopters of TeacherMatic on special introductory pricing—the opportunity to renew their subscription through the Jisc agreement.

Please note: This offer is not available to all direct subscribers, but only to institutions that initially subscribed at the early adopter rate when TeacherMatic first launched.

TeacherMatic remains committed to fair and transparent pricing for all users. This agreement supports Jisc members in transitioning to a sustainable pricing model, making budgeting and financial planning more straightforward over time. If you think you could be one of these institutions, please fill the products and pricing form to receive a quote based on your requirements. If you are not sure if this applies to you but would like to find out, please email [Chest Help](#).

## Product Information

## Product Information

### Supplier Details

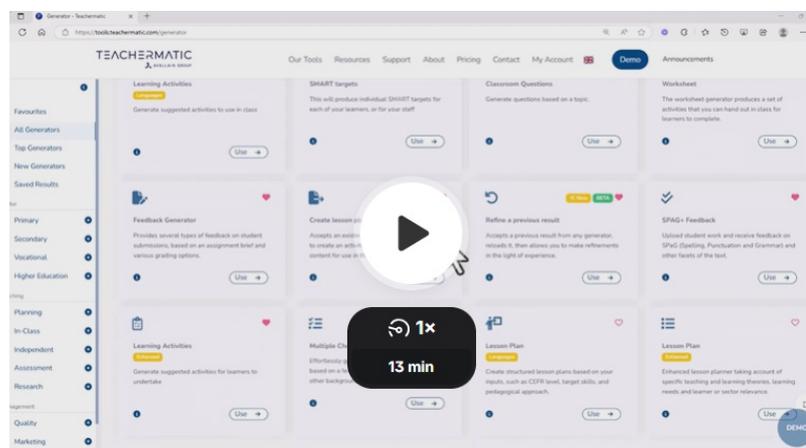

**Licensor:** Innovative Learning Technologies Ltd for TeacherMatic, 128, City Road, London, EC1V 2NX

### Product Description

TeacherMatic is an AI toolkit that supports educators, lecturers and managers with ethics and safety at its core.

TeacherMatic contains over 150+ AI generators which include lesson plans, schemes of work, rubrics, quizzes, presentation slides and feedback with grading of student work. Generate detailed lesson, lecture and seminar plans with objectives, outcomes, and activities.

Click the below video for a 10 minute overview of TeacherMatic:

Tools for management within TeacherMatic includes newsletters, policy documents, meeting summaries and HR related needs.

TeacherMatic software can convert transcripts and documents into teaching materials. It also contains an AI generator called Chat with TeacherMatic which facilitates custom tasks and creative support.

Several AI generators support the ability to create ready-made teaching resources based on text, images and PDFs. Materials can export to Word, PDF or LMS formats.

TeacherMatic is powered by a select number of large language models but has been designed by a team of teachers and institutional staff to ensure that every response is highly relevant to the educational field, from primary school through to higher education settings.

### Useful Resources

- **Case studies and blog articles**
- **Real-life examples of TeacherMatic's impact in schools, colleges, and businesses.**
- **Video tutorials and webinars. covering advanced features, workflow optimisation, and cross-department use**
- **Community channels**
- **LinkedIn, YouTube, Facebook** groups, and newsletters for updates and best practices.

### Other important information

- *In regard to the Assessment and Feedback features of the TeacherMatic Software. Each authorised user is subject to a standard limit of 150 generations per day within these features. (The marking of one student's submission counts as a single generation).*
- *Please note the TeacherMatic Language Teaching Edition is not available under this agreement.*
