Social Annotation Tools: 4 tools to encourage class preparedness and collaborative learning through social annotation and inline annotated discussion of documents, videos and audio.

Engagement Tools: 5 tools to stimulate an engaging learning community with online discussion, interactive presentation and team-based learning activities.

Key features:

- **Shared libraries:** Collaborative spaces where teachers and learning designers can manage and organize their rubric and activity templates on a personal or institutional level.
- **Collaboration options:** FeedbackFruits activities can be set up for students to work individually or as groups easily with automatic synchronization of VLE/LMS groups.
- **Feedback criteria options:** When using FeedbackFruits assessment tools, the teacher can select the type of criteria they would like students to use when giving feedback. It is possible to use a combination of a rubric, scale rating criteria and ungraded comment criteria.
- **Configurable grading:** In graded activities, the teacher can add a certain value to any part of a FeedbackFruits activity that would contribute to the total grading. The grade is automatically calculated according to the applied percentages and can be pushed to VLE/LMS gradebook with one click.
- **Reflection step:** Optionally the teacher can add a reflection step to a FeedbackFruits activity for students to reflect on their performance and feedback they received.
- **Automated feedback coach:** In FeedbackFruits Group Evaluation tool, students receive real-time feedback from this AI-powered coach to increase the quality of their feedback.

FeedbackFruits is currently working with 100+ institutions globally including **University of Leeds, Falmouth University and University of Bath** in the UK. **Check out their use cases** to learn more about how institutions transformed their teaching & learning with the FeedbackFruits tools.

FeedbackFruits is compliant with global data security, privacy and accessibility standards. FeedbackFruits is certified by 1Edtech for data privacy and LMS interoperability on LTI 1.3 standards. FeedbackFruits also received the Data Secure certification issued by Better Security Management (BSM) validating the security of FeedbackFruits platform and database. All data is secured according to the strict General Data Protection Regulations (GDPR) as set by the European Union.

Terms and Conditions

Licensor: FeedbackFruits BV, Danzigerkade 17, 1013 AP, Amsterdam.

The Chest Order, together with the Licence Terms and Conditions, and any exceptions listed below, create a legally binding contract between your institution, organisation or company and the Licensor. Therefore please read the terms and conditions carefully and only submit a Chest Order if its terms and conditions are acceptable to your institution, organisation or company and you have the authority to make the financial commitment shown.

Licence Type

This Site licence is subject to the terms and conditions for the **Standard Chest Licence for Software (June 2011)**.

Payment Terms

Jisc will invoice Licensed Institutions for the initial fee on receipt of a completed order. Sites will then be invoiced annually three months in advance of the anniversary of their licence start date until the end of the licence.

You are advised that because of the requirement for Jisc to collect monies due before the anniversary date two charges may initially fall into one academic accounting year.

Chest is an Enterprise of Jisc. All Purchase orders must be made out to Jisc, 4 Portwall Lane, Bristol, BS1 6NB to cover all charges plus VAT.

All terms contained in a PO are expressly rejected and do not form part of the Licence or vary the Licence terms in any way.

Payments are due within thirty days of invoice date; recipients of late payments are entitled to interest in accordance with **UK statutory provisions**.

Location and Use Permissions

FeedbackFruits can be used by anyone the institution wishes, on or off campus.
